

INDUSTRY-LEADING TECHNOLOGY

When it comes to convention centres, we are leading the way with the fastest connection and a broader array of technology offerings than any other facility. Big or small, no matter what you need, we can provide it.

CONNECTIVITY & COMMUNICATIONS

The Vancouver Convention Centre ensures superior connectivity with industry-leading technology services at your fingertips. All of your technology requirements are already here, on-site and built right into our infrastructure. In fact, we had the capacity to accommodate the complex needs of the world media when our facility served as the Main Media Centre for the 2010 Olympic and Paralympic Winter Games. Our on-site experts will customize and manage your technical requirements – across the room or around the world.

With our sophisticated fibre-optic network, we can offer a full range of innovative communication tools and conference technologies for attending, supporting or hosting any event:

- 150 permanently mounted meeting room digital signs
- Stand-alone internet kiosks, which can support booth advertising, sponsor recognition, product showcases or event news
- High speed internet, telephone, and wireless data and voice services
- Wireless internet and Wi-Fi walkie-talkie capabilities
- Hardwired internet services, with connection speeds up to 1 GB per second
- 7,000 network ports, uplinks and real-time video transmission
- Webcasting and video conferencing capabilities

AUDIO VISUAL

Whether your event is a boardroom meeting for 10 or a dynamic conference for thousands, our advanced audio-visual and presentation services team is here for you. With our convenient on-site warehouse of equipment, and access to our in-house team of professional sales and technical support personnel, we can help you bring your event presentations to life.

- Audio
- Video
- Projection
- Simultaneous interpretation

RIGGING AND LIGHTING

Our team of experts provide services ranging from consultation, rentals and plot design to installation and on-site technical assistance. Whether you want to highlight a keynote speaker or set up a concert-style rig with the latest moving fixtures, we can make it happen. We offer innovative rigging systems and specialty lighting solutions for everything you need to hang for your event including:

- Drapes and soft goods
- Displays and banners
- Lighting
- Pyrotechnics and special effects
- Scenic décor
- Scenic carpentry
- Signage
- Video projection
